## 5L e

### FOR USE ONLY AS AN AGRICULTURAL ADJUVANT

An adjuvant for use with a wide range of agrochemical products

Contains 27% sodium laureth sulfate.

#### Authorisation holder:

Bayer CropScience Ltd.  
230 Cambridge Science  
Park, Milton Road  
Cambridge  
CB4 0WB  
United Kingdom

#### Marketing company:

Bayer CropScience Ltd  
Bayer Ltd, 1st Floor,  
The Grange Offices  
The Grange, Brewery Road,  
Stillorgan, Co. Dublin  
A94 H2K7

Freephone: 1800 818534

#### For 24hr Emergency Information contact

**Bayer CropScience Limited**  
Freephone: 00800 1020 3333

#### Safety information

#### BIOPOWER

UFI: YPF0-Q0SX-000N-X8QE

A soluble concentrate formulation containing 6.7% w/w 3,6-dioxaeicosylsulphate sodium salt and 20.2% w/w 3,6-dioxaoctadecylsulphate sodium salt. Contains alkylethersulfate, sodium salt.

#### Warning

**Causes skin irritation.**  
**Causes serious eye irritation.**  
**Harmful to aquatic life with long lasting effects.**

Wear protective gloves/protective clothing/eye protection/face protection.

IF exposed or concerned: Call a POISON CENTRE/doctor/physician.

Collect spillage.

Dispose of contents/container to a licensed hazardous waste disposal contractor or collection site, except for triple rinsed empty containers which can be disposed of as non-hazardous waste.

Contains 1,2-Benzisothiazolin-3-one. May produce an allergic reaction.

**To avoid risks to human health and the environment, comply with the instructions for use.**

PCS No. 92144

For professional use only

Wash hands and exposed skin before meals and after work.

Avoid all contact by mouth, avoid breathing spray.

Wash all protective clothing thoroughly after use, especially the inside of gloves.

Keep out of reach of children.

When using do not eat, drink or smoke.

Keep away from food, drink and animal feedingstuffs.

Keep in original container, tightly closed, in a safe place.

Rinse container thoroughly by using an integrated pressure rinsing device or manually rinsing three times. Add washings to sprayer at time of filling and dispose of safely. Do not re-use container for any other purpose.

Do not contaminate water with the product or its container (Do not clean application equipment near surface water / Avoid contamination via drains from farmyards and roads)

Biopower is an adjuvant for use with a wide range of agrochemicals to improve their effectiveness. When used alone, biopower has no pesticidal activity.

#### **DIRECTIONS FOR USE**

Biopower used alone has no herbicidal, fungicidal or insecticidal activity, however in a tank mix with many agrochemicals it will improve their activity. When used in this way it may be possible to reduce the dose of the active chemical or increase its pesticidal effect.

If biopower is mixed with a product, which can have some phytotoxic effect, this effect may be enhanced and care should be taken to avoid this use.

#### **Dose**

1 litre biopower per hectare.

Ensure that the label recommendations for the mixture products are fully adhered to.

#### **Storage**

Store well away from seeds, fertilisers and animal feedingstuffs in a safe, dry place designated as an agrochemical store. Keep segregated from other agrochemical products.

#### **PROTECT FROM FROST**
